OHIO LIFE SCIENCES FACILITY | NAMING SPONSORSHIPS

Ohio Life Sciences Labs | Columbus Innovation District

Wet labs and bio labs are at the heart of innovation in the life sciences industry, serving as critical spaces where groundbreaking research, product development, and scientific discoveries take shape. Sponsorship opportunities include naming rights, event partnerships, and collaboration on campaigns to showcase Ohio's advancements in wet lab infrastructure.

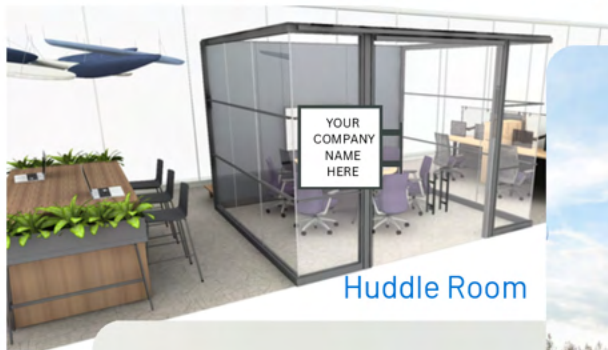

Multiple sponsorship opportunities are available, contact Bill Dunlevy, bdunlevy@ohiolifesciences.org.

Industry Hub and Training Center | Columbus Innovation District

Located in the heart of the Innovation District, our Life Sciences Industry Hub and Training Center is designed to elevate the life sciences industry in Ohio. This space will house the offices of Ohio Life Sciences, serve as home to numerous life sciences startups, and be immediately adjacent to Ohio Life Sciences Labs. The Hub will host regional and statewide events, workforce training initiatives, and many opportunities for collaboration. It's a place where leaders, innovators, and decision-makers will gather, becoming a headquarters for progress and connection.

By sponsoring a space in this state-of-the-art facility, your organization will be front and center, reinforcing your commitment to advancing life sciences in Ohio. Each sponsored space will carry your name, ensuring every meeting, event, and collaboration is tied to your brand.

Contact Bill Dunlevy for sponsorship opportunities.

Huddle Room

PHOTO: THE OHIO STATE UNIVERSITY

Central Lounge

- **Boardroom:** A space where decisions and impactful meetings take place. Every boardroom session will happen in your named room.

OHIO LIFE SCIENCES

ADVOCACY EVENTS

February – Grassroots Lobbying Day

OLS is convening board members and key organizations for a day of meetings with Legislators in support of the Ohio Life Sciences earmark in the operating budget. The day will include meetings with House and Senate members and a lunch briefing on our budget request for all Legislators and staff.

Previously, OLS secured funding to build out workforce development initiatives and to establish the Ohio Life Sciences Industry Hub and Training Center in the Columbus Innovation District. This year, we're requesting a modest budget increase to expand critical infrastructure and drive industry growth.

Sponsorships 1 available @ \$5,000, 2 available @ \$1,000

April – Breakfast Roundtable on the Patient Value Chain

OLS will host a roundtable featuring industry experts to educate Legislators and staff on the patient value chain, covering the entire process of developing, manufacturing, distributing, and delivering products or treatments to patients. We will pay special attention to Ohio companies leading the way for the industry. The goal of this session is to better inform our lawmakers of the critical role Ohio companies play in developing and delivering life-changing and life-saving treatments to their constituents. Legislators and their staff will gain a better understanding of what goes into drug/device development and why funding this industry is vital to Ohio's economic engine.

Sponsorships 1 available @ \$5,000, 2 @ \$1,000

May – Bi-Annual OLS Advocacy Day

This is the second Advocacy Day that OLS will host at the Ohio Statehouse. Each Operating Budget, OLS brings together industry representatives from across the state to convene at the Ohio Statehouse for a day of advocacy for the industry. OLS organizes meetings for our members with Legislators to discuss the industry's rapid momentum and need for support at the state level. This event coincides with the approval of the state operating budget. Meetings pertain directly to the Legislators' districts and all surround the importance of maintaining or expanding the OLS budget earmark. After a day filled with meetings, OLS members gather in the Statehouse for further, more intimate discussions with elected leaders and their staff over drinks and appetizers. This setting allows for more natural conversations and for our elected officials to meet dozens of industry professionals from every corner of the state.

Sponsorships 2 available @ \$5,000, 3 available @ \$1,000

\$1,000 Sponsorship Level

- Name badges
- Printed materials
- Receive social media promotion pre-event, post event, and in-event recognition
- Meetings with legislators

\$5,000 Sponsorship Level

- *All sponsorship benefits from \$1,000 Level AND:*
- Introduction remarks and opportunity to speak
- Brand on all signage, promotional materials/website/Eventbrite/emails/invites
- 3x 5 foot table space for materials
- Meetings with legislative leaders

OHIO LIFE SCIENCES ADVOCACY EVENTS

August | November – Lunch and Learn for Legislators and Statehouse Staff

OLS will convene a group of Legislators, staff, and OLS members for a discussion covering one of the following topics: obesity medications and the need for Medicaid coverage, gene and cell therapy 101, Ohio's top life sciences companies, an overview of the 340B program, and any other topics our sponsors would like to see discussed.

Sponsorships 2 available @ \$2,500

PAC Event

This exclusive event brings together industry leaders, policymakers, and community stakeholders to discuss the critical role of life sciences in Ohio's economy. Support the Ohio Life Sciences PAC and its mission to advance the life sciences industry in our state.

Host: \$1,000 + | Sponsor: \$500 + | Advocate: \$250 + | Supporter: \$100 +

- Name badges
- Printed materials
- Receive social media promotion pre-event, post event, and in-event recognition
- 3 x 5 foot table space for materials
- Meetings with legislative leaders

OHIO LIFE SCIENCES

ADDITIONAL SPONSORSHIP OPPORTUNITIES

Member Investor Portfolio Report

The Member Investor Portfolio Report is a quarterly celebration of the milestone achievements of Ohio Life Sciences companies. Designed to elevate our members' successes, this publication highlights our industry's incredible innovation and progress. This report fosters engagement across the life sciences network, raising awareness of the remarkable accomplishments driving our state's industry forward.

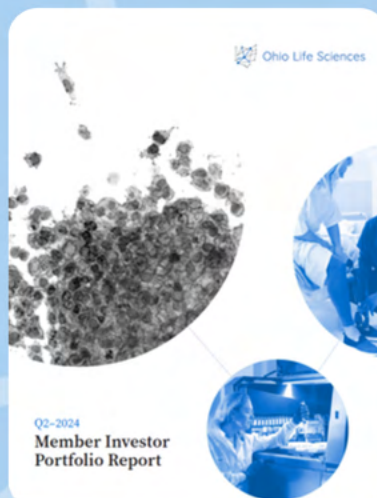

- Sponsorship recognition on each report
- Recognition on the OLS website
- Social media brand promotions

\$5,000 per report, \$17,000 for all 4 Member Investor Portfolio Reports- contact Jon Snyder for sponsorship opportunities.

Digital Member Memo OLS Newsletter

- Reach 9,000+ life sciences professionals with your message
- By advertising with us, you can include a targeted message in our newsletter and connect directly with a highly engaged audience of innovators, leaders, and stakeholders

Sponsorships- 3 available per newsletter @ \$750/each- contact Bill Dunlevy for sponsorship opportunities.
